CAREER CONTOUR

I am unwavering, meticulous, and highly competent in the **Software Testing Industry**. I have a consistent record of delivering results-driven work with a proven ability to implement my projects in an organised manner, spanning **12+ years** of my successful career.

My expertise:- **Software Testing Industry – Manual Testing, Mobile Application Testing, API Testing, Functional Testing, Regression Testing, UAT Testing, Defect Management, Test Planning, Agile Methodology, Production Validation, Cross-Browser Testing, Healthcare Applications, Insurance Domain Testing, Quality Assurance**. I have in-depth knowledge of all the ethics of management. I possess effective communication skills and am a team player with strong organisational, Logical, and Problem-Solving Abilities.

I have extensive experience working with large-scale organisations, such as **ChannelSoft IT Services Pvt. Ltd, TCS**. I am well-versed in skills including analysis, problem-solving, and coordination, which have contributed to my success and dedication. Strong influencing and negotiation skills coupled with a proven ability to think in and out of the box, generating new solutions.

I have commenced my profession as an **Executive** and risen myself as **Senior Software Test Engineer** in a reputable company. I would like to see myself growing with the passing years of hard work and dedication. I have been awarded many accolades for my result-oriented hard work.

Armed with a multitude of competencies and work experiences, I am confident to carry forward any organisation's vision & objectives with sufficient ease and dedication to my job responsibility.

EXPERIENCE

Dec 2022 – May 2024 | ChannelSoft IT Services Pvt. Ltd. | Senior Software Engineer | Vijayawada
